

Fundraising Dashboard 101

The tools you need to fuel a winning campaign.

Overview

Your [Overview tab](#) provides essential metrics at a glance, from how much you've raised in the past week to your next payout to your most successful contribution forms.

Contribution Forms

Browse a list of all your contribution forms, event forms, and merchandise forms and see how they're performing.

Downloads

Download preset spreadsheets of fundraising data, such as first-time donors, year-to-date contributions, and more, with a single click on the [Downloads tab](#).

Report Builder

The [Report Builder](#) allows you to build custom spreadsheets of your fundraising data, so you can pull just the information you need.

Contributions Search

Browse and filter contributions, issue refunds, and cancel recurring donations, all from the [Contributions Search tab](#).

Supporter Program

On the [Supporter Program tab](#), you can browse all the forms your supporters are using to fundraise on your behalf and see which forms have raised the most.
